

R THE SAN LUIS OBISPO MUSEUM OF ART

The Museum of Art is already a sought-after venue for private events and civic functions. The Museum's new home continues the tradition of welcoming the community to celebrate important public and private moments in its distinctive new space.

San Luis Obispo Museum of Art is a beacon for the visual arts for all of California's Central Coast.

Benefits of the New Museum

The design of the new 26,000-square foot facility has received design approval by the City of San Luis Obispo and meets the American Alliance of Museums' basic requirements for buildings that house fine art exhibitions and permanent collections.

Once completed, the new structure will be an energy efficient and environmentally sensitive building and feature:

- Triple the exhibition space for viewing artwork
- Triple the number of classrooms for art education
- State-of-the-art lighting, climate control and security systems
- Dedicated space for exhibiting the permanent collection
- Elevator for public access and art handling
- Workshops for curatorial needs
- Museum store
- Catering kitchen and tea room
- Art library for scholastic research

Help Make the New Museum a Reality

**OUR GOAL: \$12 MILLION TO CONSTRUCT
PLUS \$3 MILLION CASH RESERVE FOR OPERATIONS**

Once achieved, the San Luis Obispo Museum of Art will emerge from its outdated facility into a brand new home—one that reaffirms its role and re-imagines its civic responsibility to the region. Everyone gains from replacing the old building at Mission Plaza.

The Museum of Art's Board of Directors and staff are grateful to the visionary donors who are contributing to the campaign's goal.

The new San Luis Obispo Museum of Art is an investment in one of the Central Coast's most essential and influential cultural institutions.
