## Weekly Meetings

The proposal for a meeting this coming Tuesday has been met with yes RSVPs from about 25 members, so we will go ahead with it. Noon, at Camp AG, June 16th.

Some of the comments received included suggestions for a catered lunch next time. We will discuss this at the meeting.

Sean Schurr reported having a conversation with Doug from our own Rosa's, and indicated it may not be long before they will invite us to lunch again there!

## Proposed Initiatives

Over the past ten days, several members have expressed their feelings regarding the recent turmoil in our nation and the various social movements afoot.

While some suggest it might be beyond the scope of the mission and traditions of our club, others feel strongly that the club should consider taking a position on the issues faced by all of us.

On the second page you will find a draft declaration for the

consideration of our membership. It is just a draft, and other proposals include the formation of a committee to study local factors, impacts, needs, and potential actions or responses. It is hoped possible that a first discussion of the proposals can be moderated. It is not contemplated to even try to seek a consensus at this time, and certainly not to entertain any formal motions, but rather just to encourage an honest exchange of ideas during lunch this coming Tuesday.

## Board Meetings

Based on serious consideration and input received, the board meeting proposed for this coming Tuesday is postponed until July, when we can plan a date and location more in keeping with tradition and bylaws. There is no business pending of any import which would induce us to do otherwise.
